Why wear a Second Coming T-Shirt?

A T-Shirt is a casual wear. Years ago this was worn mostly by youngsters. Nowadays both young and old like to wear it. Devotees wear dresses which depict their faith. Politicians are proud of wearing dhoties with the colours of their party flags in the border. T-Shirts as Sportswear are too common. Businessmen advertise their products on T-Shirts. A few decades ago, active soulwinners used to wear badges with slogans like, *“Jesus Saves!”* and *“Smile, Jesus loves you!”* These badges have now become obsolete. With increasing popularity of T-Shirts, all sorts of slogans, sayings and pictures are printed on them.

In this context, why not wear a T-Shirt which politely but pointedly tells folks about the next most important Event that will take place in human history? Jesus came; He comes again! Only those who believe on Him will go to Heaven. This is the plain teaching of the Bible (Jn 3:16-18). Heaven and Hell are eternal and final, with no reversal. If, as a believer in Jesus Christ, you wear this T-Shirt, it will be an occasion for you to witness for Him, especially during the Christmas Season!
